

SNC Active Socks (2-pack)

ref no. CUAS0225R

unisex

Enhance your performance and comfort with our Technical Socks 2-Pack. These unisex socks are designed for universal use, providing a range of features that guarantee comfort during prolonged wear. The increased weight of the polyester-nylon blend fabric ensures excellent cushioning for the midfoot, heel, and toes. The addition of elastane and differentiated structural zones provides dynamic support, ensuring stability and safety.
